		OPPORTUNITIES					
←Internal	**EXTERNAL →**	GOAL =/= stop every separate conflict but SYSTEM CHANGE ()	here and now: think global, act local	Solidarity + affinity networks + underground struggle positively viewed in popular culture ("the resistance")	local arms industry + banks + GDP as argument (information available, targets available, but JOBSJOBSJOBS + GDP)	War is global → resistance too (shared interest!)	flashpoints and targets: 'intersectional' but aimed at disrupting the system (look for cracks in the system, it's where the light comes in)
	STRENGTH						
1	youthful energy	2	3	2	1	1	3
1	seasoned activists	2	3	3	1	1	3
2	existing revol.orgs. & movements (NOW + HISTORIC)	3	4	3	2	2	4
2	Solidarity + shared interests ==> NEW PEOPLE	3	4	4	2	2	4
2	CULTURE/COMMUNITY	3	4	4	2	2	4

We focused on AUDI BRXSLS mainly, but other examples that we listed:
A. AUDI: convergence of labour, militarism, fascism, racism, workfare, etc
B. military bases
C. war economy
D, E., F, G: Militarized police state (for example)
. migration detention centres
. prison system
. militarisation of police (Antwerp Bear Cats, army as police/'public order' guards, antiterrorism, etc)
. military 'volunteers', reservists, youth (manosphere)
H. Social security versus GDP;
I. Ecology (climate, extractivism)
J. Patriarchy
K. Colonisation (see also extractivism)

* Many regions and empires involved each with their own interests and excuses
* Many types: of actors/'armies' (directly and indirectly instrumentalized) gangs, militias, ethnic, civil, nationalist, proxy, private military corporations (Blackwater, Wagner, etc) etc
* 'SOFT' power as well: infrastructure, 'investments', infrastructure, trade, debt, 'diplomacy', institutions, bribes, corruption, staged 'revolutions' and etc
* 'old' nationalisms are a real danger
* proxies have their own agendas as well
